

Testimonials From Our Patrons...

It was a pleasure to be on the panel with you all today ... well done on the conference. Thanks for the opportunity to be a part of the facilities media event.

The length of the conference was good and I think the format, with the panel discussion at the end was effective. Think all the speakers were good - very different in styles.

Client Development Director - North Asia, Integrated Facilities Management Management Solutions

I thought it was one of the best organised conferences that I have spoken at. You guys are a pleasure to work with.

The size of the room was as large as you can get, and still retain a degree of intimacy and interaction with the audience. When speaking, I can see the expressions of the people in the back row, and if they are getting it. The room, the views etc were excellent.

Lunch, coffee before the session started, coffee break - all great. Good food, good conversation, nice buzz in the dining area.

All were good and complemented one another. In summary, very well done, most enjoyable.

Ian Davies
Arcadius Consulting SDN BHD
Managing Director

Congratulations in concluding a very professional and successful conference. I must say that the entire approach, organization and the execution was very impressive and the best one that we have participated so far and thank you.

You have along with you team performed a miracle and can't think of any thing important to criticize or comment.

We are very pleased with the outcome and this is our 1st in Hong Kong and we look forward collaborations in the future.

Once again thanks for all the wonderful arrangements and it was world class.
